ROOSEVELT WILL BE HERE MAY 30

Colonel Theodore Roosevelt, Twice President and now Candidate for Nomination, will Make Memorial Day Address.

Colonel Theodore Roosevelt has announced his acceptance of the invitation to be Memorial Day orator at Gettysburg this year and for the second time in a period of eight years will speak from the rostrum in the National Cemetery. Colonel Roosevelt's other visit was in 1904 during his first term as president of the United States.

The invitation to Colonel Roosevelt was given by the National Brotherhood of Locomotive Engineers who were given the privilege of selecting a Memorial Day orator by Corporal Skelly Post of this place. The acceptance, in view of Colonel Roosevelt's announcement that he will be a candidate for the Republican nomination for the presidency, is of particular significance and will mean a Memorial Day such as Gettysburg has not seen for many a day.

It is expected to eclipse even May 30, 1904, the time of his first visit when Regular Army detachments were sent here, for Mr. Roosevelt is fully as much in the public eye now as then and the excitement sure to continue throughout the political campaign will be working toward a climax by that time, so much so that thousands from this and nearby states may be expected to come here to hear Mr. Roosevelt's address.

The enormous crowd which would be sure to come simply to hear the candidate's address will be increased by an attendance of thousands of delegates to the national convention of the Brotherhood of Locomotive Engineers which will be in session at Harrisburg that week and which will adjourn to allow all to come to Gettysburg to hear Roosevelt, who accepted their own invitation. The attendance at the convention is expected to number about 5,000 and practically all of these will come to Gettysburg for the day. Arrangements are already being taken up to provide sufficient railroad facilities to get all here in comfort.

There has been much adverse sentiment among the members of Corporal Skelly Post in recent years over Memorial Day orators making the occasion one for a political speech rather than a day for memories of the valiant deeds of the boys of '63. While Colonel Roosevelt may be counted upon to remember the spirit of the occasion it is hardly to be expected that he will lose such an opportunity to present his political views, for such an occasion and such an audience do not come frequently in the careers of campaigners.

Memorial Day 1912, will, it is believed, be more fully impressed as a "memorial" day than ever before. One custom recommended at the last national encampment of the Grand Army of the Republic will be taken up all over the country this year and from five minutes before twelve until noon it will be asked that the public in general cease business and activity and stand with bared heads in honor of those who fought and died that the union might remain firm and unbroken.

PREPARE CAMPAIGN FOR LINCOLN WAY

Maryland Congressmen Prepare for Big Fight for Lincoln Way. Have Figures to Show Comparatively Small Cost.

Members of the Maryland delegation in Congress are preparing to pull off their coats and get into the fight that will soon be waged upon the report of the Lincoln Memorial Commission. It was announced Monday that the report of the Commission recommending the erection of a monument in Washington Potomac Park on the banks of the river, will be submitted to Congress not later than March. Those who are opposed to the monument plan, and especially to the site that has been chosen by the Commission, have taken a poll of the House of Representatives, and it is asserted that a majority of the members are against the adoption of the report.

The Maryland representatives seem to be a unit in backing up the project for a memorial highway running from Washington to Gettysburg. They have had several estimates made of the cost of building such a road, and the highest figures that have been submitted estimate the cost of a magnificent memorial highway at not more than \$1,750,000. This provides for a 24 foot macadam roadway, with 12 feet of dirt roadway on either side, and all bridges and culverts to be of concrete in artistic designs. As the appropriation made by Congress amounts to \$2,000,000, it is pointed out that the memorial highway comes within the sum Congress desires to expend.

Several routes for the highway through Maryland are being advocated. One would run directly north from Washington and would include the Olney pike, which consists of 16 miles of the finest macadam roadway, and would pass through Unionville. Another route would pass through Union Bridge and Westminster, while still another suggestion is that the memorial highway could be made to include Frederick. Those in favor of the Frederick route claim that the acquisition of 25 miles of splendid highway there would offset the lengthening of the route to Gettysburg.

When the report is finally called up for action strong speeches will be made by Maryland members of the House.

WALDHEIM DAM BADLY DAMAGED

Large Portion Swept away and will not likely be Replaced, Spoiling Section for Campers. Local Creeks High.

From later reports it has been informed that the damage done to the dam at Waldheim on the Conewago, Thursday evening, by the ice and water, was much greater than first believed. About thirty five feet of the breast has been completely swept away by the high waters, which has put the Arendt mill, along the stream, out of commission.

It is quite evident that the water was high, after the rain Thursday night, for large cakes of ice are lying on the banks far from the stream. In some places ice is piled up at least ten feet in height.

It is estimated that it would require \$1,000 to rebuild the dam, so there is very little likelihood that it will be rebuilt. Harry Arendt, owner of the mill, contemplates installing a gasoline engine in substitution for the water wheel. Should this be the case, the picnic and camping grounds along the Big Conewago, in that neighborhood, will lose their charm, for the stream will be somewhat narrower, and not have its former depth.

A great number of people in this locality will mourn this fact, for along the banks of this creek many good times were enjoyed.

Large ice jams are reported on both Marsh Creek and Rock Creek. The various bridges are nearly all holding back quantities of thick cakes of ice and some apprehension has been felt for several of the structures. At the Rock Creek trestle of the Western Maryland the heavy cakes of ice shook the structure perceptibly Monday evening and a force of men tried to keep a channel clear for the ice to go through but the rise of the water made this dangerous and the ice was allowed to jam for some distance back from the trestle.

Rural carriers were prevented by high waters and ice jams from covering their routes and it is likely to be several days before the streams will be cleared.

BEAT AND ROB GROCER, THEN SET FIRE TO SHOP

Chester Man Victim of Negro Footpads.

Chester, Pa., Feb. 27.—William Dunlap, a grocer, of Second street and Concord avenue, was badly beaten by two colored men, who then robbed his store and made an attempt to burn down the building.

Shortly after Dunlap had opened his store for business a colored man entered and called for a loaf of bread, which Dunlap proceeded to wrap up in paper. "Never mind wrapping it up," said the man, "put it in a paper bag."

As Dunlap stooped behind the counter to get a bag the colored man hit him on the head with some blunt instrument. The assailant and his companion, who had been standing outside the store, seized a money bag containing the receipts and change for the week; then they set fire to the paper on the shelving of the store and fled.

The flames were extinguished before much damage was done by a baker, who stopped at the store to deliver goods.

The police subsequently arrested a colored man who was acting in a suspicious manner. He was taken to the city hall, but Dunlap was unable to identify him.

OPENS ATTACK ON DUPONT ELECTION

Senator Reed Demands a Full Probe.

RECITES BRIBERY CHARGES

Missouri Senator Introduces a Resolution For Investigation of Selection of Delawarean.

Washington, Feb. 27.—Senator Reed, of Missouri, introduced his resolution for an investigation of the election of Senator Henry A. Dupont, of Delaware.

Mr. Reed announced several days ago his intention of demanding an inquiry. His action is based on testimony before the senate judiciary committee regarding the nomination of Cornelius P. Swain to be marshal of Delaware.

Allegations of corruption in which Senator Dupont's name was mentioned caused President Taft to withdraw Mr. Swain's nomination.

The resolution recites the appointment of Swain, the charges made against him by Willard Saulsbury, of Wilmington, Del., and other citizens, in which, in substance, they declared that Swain "bore the common and general reputation of a persistent violator of criminal provisions of the constitution of Delaware intended to secure purity of elections;" also that Swain "had notoriously been a vote buyer" and "had procured and carried large sums of money for the purpose of corrupting the voters and in 1908 was the assistant cashier of the corruption fund."

The resolution then goes on to say that affidavits were read in evidence before the judiciary committee which tend to prove that at the election of members of the legislature in 1904, and which members of the legislature elected Dupont, large sums of money were used; that an amount in excess of \$25,000 and claimed to be in excess of \$55,000, was contributed by Dupont; that the money was distributed among various corrupt agents working in the interest of Dupont; that the distribution took place in the office of Dupont, and with his knowledge; that \$2000 was contributed in Dupont's office and delivered to be used by Swain; that it was admitted by the attorney for Swain that he had received \$3000.

The resolution says the evidence further goes to show that not alone in 1904, but also in 1906, 1908 and in 1910 similar corrupt practices were employed; that the evidence further tends to show that the corrupt practices "did affect the election of the members of the legislature who, in the year 1911, re-elected the said Henry Algernon Dupont."

The resolution says the judiciary committee construed its duties to be confined to an investigation of Swain, so that there was no investigation of Dupont.

In view of this fact, Senator Reed has presented his resolution to provide for an inquiry into Dupont's election. The resolution reads:

"That the committee on privileges and elections or any sub-committee thereof be authorized and directed to investigate and report to the senate whether in fact corrupt methods and practices were employed by the said Henry Algernon Dupont to secure the election of members of the legislature who thereafter selected him to a seat in this body; whether such corrupt practices related to the general election of 1904 or the general election of 1910 or to his election by the members of the legislature selected at said elections; and whether the said Henry Algernon Dupont is a proper person to retain his seat or ought to retain his seat as a senator from the state of Delaware."

BURNED WITH TWO CHILDREN

Woman Loses Life After Heroically Saving Four of Family.

Wilkes-Barre, Feb. 27.—Mrs. Annie Wysurnski, twenty-seven years old, who made a heroic effort to save her six children, was burned to death along with two of her offspring in Lutterne borough, when their home was destroyed.

The husband was absent when the fire started, and the mother was alone with the children. She cried for help, and entered the burning dwelling four times. On three of the trips she rescued four of the children. One child, a boy of six years, she threw from a second-story window and his leg was broken.

The fourth time the mother rushed back into the flames to bring out the two remaining children the floor gave away and the woman and the two children were carried down in the debris. The charred bodies were found when the fire was extinguished. The children were five and four years old, respectively.

49 ROADS TO CONFER ON ENGINEERS' PAY

Demands to be Threshed Out at Meeting in New York.

Philadelphia, Feb. 27.—The request of the Brotherhood of Locomotive Engineers for higher wages and an adjustment of working conditions on the forty-nine railroad systems east of Chicago, will be considered and acted upon on March 14 at a conference in New York city between officials of the organization and representatives of the companies.

The conference, it is believed, will last from ten to fifteen days. It is believed it will result in a compromise; the railroads probably agreeing to grant some of the requests.

A committee of the Brotherhood conferred with S. C. Long, general manager of the Pennsylvania railroad lines east of Pittsburgh, at his office in Broad street station. Following the session, the railroad announced that it will join the other roads "to have the questions at issue handled collectively by the conference of general managers in New York."

At the New York conference twelve representatives of the railroads that are requested to advance wages will appear as delegates for all the lines. While the Philadelphia & Reading railway has not announced that it will be personally represented at the sessions, it is believed by the Brotherhood officers that at least one of the twelve railroad managers to be present will be spokesman for the Philadelphia & Reading.

ADVISE ABOUT GRIP

How to Escape Its Dangerous After Effects.

With so much grip in town this winter a few words of advice will not be out of place.

First, grip is no trifle. Its after effects are often very serious.

Second, grip is particularly bad on children, old people and all who are not in the best of health.

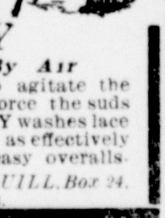

Third, grip hangs on—takes away your energy and appetite—leaves you feeling weak and played out. That is a dangerous condition.

The best thing you can do is to build yourself up with Vinol, our delicious cod liver and iron preparation without oil. It tones up the system and makes you strong and vigorous. Read this letter from R. J. Lown, Oneonta, N. Y.: "I had an attack of grip last January which left me in a very badly weakened and rundown condition. Later I began to take Vinol and I find it strictly all right. It began to help me from the very first and now I am as well as ever."

Remember, we guarantee Vinol to do just what we say—we pay back your money if it does not. People's Drug Store, Gettysburg, Pa.

The EASY principle is to agitate the water by air pressure and force the suds through the fabric. The EASY washes lace curtains without injury and as effectively as it washes blankets or greasy overalls. Write today to THE EASY Co., Box 24, Gettysburg, Pa.
